

## PROGRESS IN MOTION

For more than 50 years, Power-Packer has engineered a robust and innovative line of hydraulic position and motion control products. We specialize in developing and manufacturing (electro) hydraulic solutions for global OEM's and Tier 1's in diverse mobile applications such as: drive systems for convertible rooftops, truck cab tilt, stabilization legs, stable and precise adjustment for medical equipment, and more.

With headquarters in The Netherlands and the U.S. and manufacturing plants strategically located around the world, Power-Packer delivers state-of-the-art motion control solutions, regardless of your geographic location, application, or design challenge. Power-Packer designs and manufactures precision components for transportation, medical and industrial applications to help you and your employees work smarter and safer, no matter how simple or complex your motion challenges may be.

### OUR INDUSTRIES AND APPLICATIONS

- ▶ **ON-HIGHWAY**—Cab tilt actuation, hood lift actuation, steering cylinders, roof lifters, latches, locking mechanisms (from our brand YVEL) and hydraulic components for commercial vehicles: cab over engine trucks, work trucks, trailers, buses, fire and rescue vehicles, and more.
- ▶ **OFF-HIGHWAY**—The military and other critical markets trust our specialized products and systems, including cab cylinders, latches and pump designs, gasoline and diesel hydraulic power units, and hydraulic flow control valves.
- ▶ **AUTOMOTIVE**—Convertible rooftop actuation, ride height, and body panel actuation for trunk lids, doors, hoods, and spoilers.
- ▶ **MILITARY**—Cab cylinders, latches and pump designs, gasoline, and diesel-hydraulic power units, and hydraulic flow control valves
- ▶ **MEDICAL**—Manual-hydraulic and electro-hydraulic actuation for hospital beds, patient trolleys, shower chairs, physical therapy tables, operating tables, scanner tables, treatment tables, emergency stretchers and gurneys.
- ▶ **INDUSTRIAL**—Hydraulic actuation for floor scrapers, lifting tables, scissor tables and lifting platforms
- ▶ **AFTERMARKET**—Cab tilt spare parts
